

Hinge - DFM

Chassis design review

Heat Sink CAM

Blockers:

- Only 1 person in team certified to use TS CNCs
- SLA Printing unavailable in TS - does anyone in the class have access to a resin printer?

Updates:

- PDR for Chassis-v1 complete - changes to be made
- Completed thermal orientation to Argus 1

To do:

- Machine hinge comp.in TechSpark, modify A1 assembly parts to accommodate new hinge
- **Finish full CAD Mock Up by end of week.**
- **Argus 1 Fabrication and Assembly end of next week.**

Interfaces:

- Comms - Antenna updates? Will it be the same for Argus 2 and Argus 1?
- Avionics- Get updates on any board changes
- GNC - Discuss reaction wheel specs / mounting

All: Give us any updated CAD models ASAP!
